

# Back to School Digital Escape Room

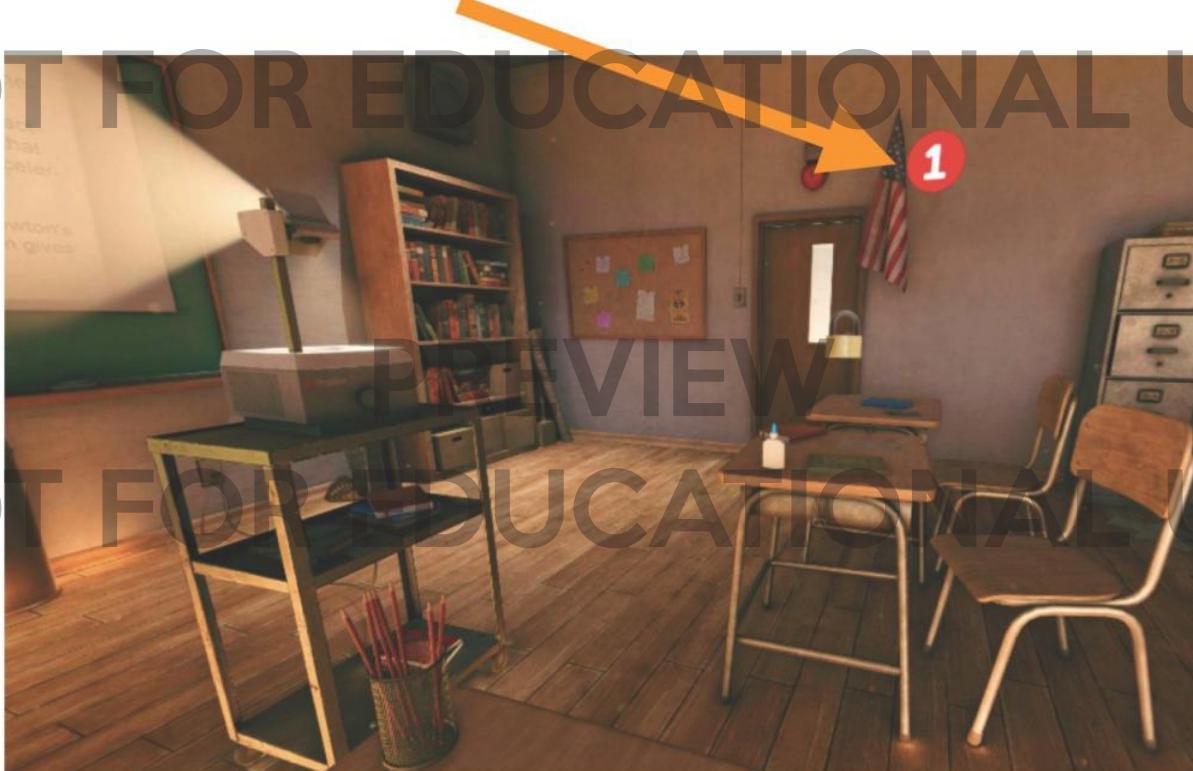

## Teacher Instructions

Thank you for your purchase! Your students are going to love deciphering and solving puzzles in this 360° digital escape room. This activity is designed to work for a laptop, tablet, or smart phone. Students will solve a series of clues based on the classroom and concepts that are related to school. Please do not share this link with other educators as it is my copyrighted work and against my terms of licensing. You can purchase additional licenses in my [TpT store](#).

Have your students work independently or in teams, it's up to you! Included in this download are teacher instructions, student instructions, the master lock graphic organizer, answer keys, and a reflection sheet. I have also included PDF printable files for Clues #2, #3, and #5 just in case you want to print them (might help some students to see them on paper). While using this resource, you must have a wi-fi connection and the ability to access the following sites: [kuula.co](#), Google Forms, and JigsawPlanet.com

### Back to School Escape Room

1. Share directions with your students digitally (includes the student link to the escape room).
2. Verbally review the rules with your students.
3. Set a timer for 45 minutes using a classroom timer or use an online [free countdown timer](#); make sure students are aware that they are being timed. Timing students is completely optional! You can adjust the time as you wish.
4. Upon entering the room, have your students start by clicking the 1 button (shown below). The clues are labeled by numbers. For every clue students figure out, they must record their answers on their Master Lock graphic organizer (on paper). The master lock (a google form) requires seven correct answers from all seven clues and is mandatory for students to "escape." They can find the Master Lock located on the door when they are ready to escape.
5. Students don't have to complete the clues in order, but clue #1 gives students background information about why they're in the room. In this escape room, students accidentally went to the wrong classroom on the first day of school, and now they're locked in!
6. At the end, you can have students fill out a reflection sheet to get their feedback (optional).
7. TEACHER TIP: If your students are struggling at any point, give them a hint!

## Answer Guide

### Clue #1

hello teachers,  
hello Friends,  
it's time to start up  
school again.

weLcome back!  
i'm glad you're here.  
this is going to be  
a wonderful yeAr.

i hope you're ready  
to have some fun.  
pencils, books,  
we've just beGun.

it's time for classes  
to resume  
but wait, you're stuck...  
locked in this room?!  
this can't be right  
you can't be late...  
there's not much time,  
this cannot wait.

solve the Puzzles  
and the clues  
you're in the wrOng class  
this is no ruse!

use your brain  
don't be too sLow  
you've got to find  
the right way to go

they might wonder  
where you've been  
but now it's timE  
to begin.

NOT FOR EDUCATIONAL USE

V  V  V <  L  L  V  V  V

NOT FOR EDUCATIONAL USE

>   V  V  L  L  ?

## Clue #7

# Google Form Questions

Students will answer the following multiple choice questions and take the answers (letters only) in order and use that as the answer for clue #7 in the Master Lock.

The answer will be as follows: **cadb**

**NOT FOR EDUCATIONAL USE**

1) Which subject includes classes like Biology, Physics, and Chemistry? \*

A large black rectangular redaction box covering the text area for question 1.

2) Who invented Post-its? \*

**PREVIEW**

A large black rectangular redaction box covering the text area for question 2.

3) The belief that one can learn from failures and come up with strategies to improve the

A large black rectangular redaction box covering the text area for question 3.

4) Despite my name, I am not a queen. When you hold me up to things, their length is seen.

A large black rectangular redaction box covering the text area for question 4.

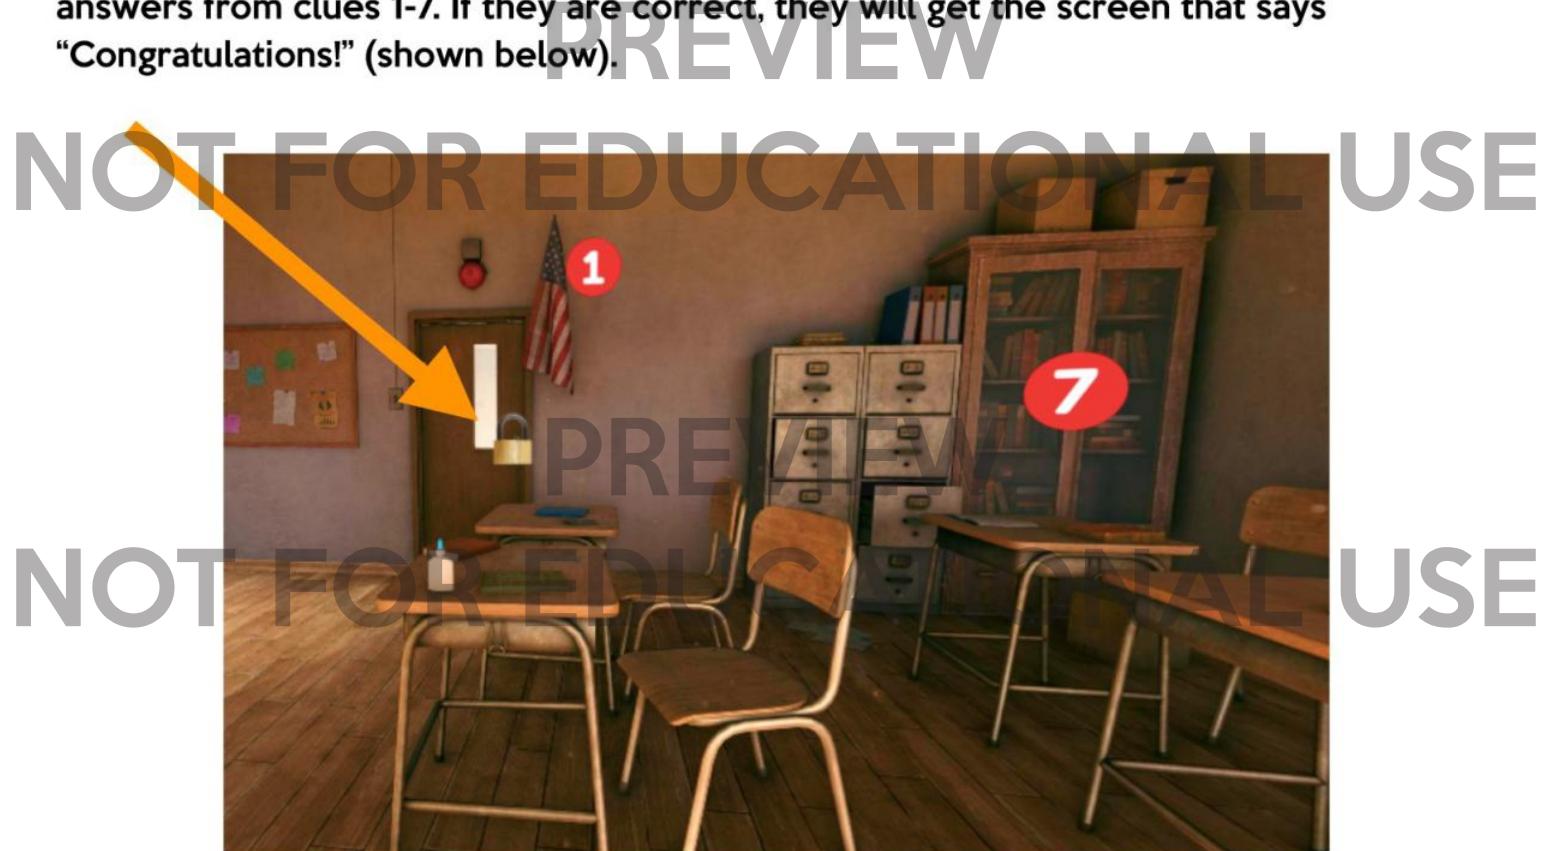

**PREVIEW**

**NOT FOR EDUCATIONAL USE**

Clue 7 Answer = A small black rectangular redaction box covering the answer for Clue 7.

## Master Lock

On the door in the room, is a picture of a lock. This is the link to the Master Lock. This is where students will find the google form to escape. They will type in all their answers from clues 1-7. If they are correct, they will get the screen that says "Congratulations!" (shown below).
