## End of the Year Student Awards

This resource includes 40 different end-of-year awards to celebrate the unique contributions and achievements of your students. Each award can be personalized with the student's name, date, and your name. The images can not be edited.

There are 44 certificates in total. There are two options for the "Trend Alert" award as well as two different certificates for Drama King and Drama Queen. I also include two "Create Your Own" certificate options. This way, if there's an award title you don't see, you can customize your own and add an image if you desire.

### Suggested Lesson Procedure

1) Begin by reviewing the list of award descriptions included with this resource. Familiarize yourself with each award and match them with the deserving students.

2) OPTION 1: Print the certificates (PDFs) and write in each student's name, etc, into the designated fields on the certificate.

OPTION 2: Open the editable awards (Word) and type in each student's name, etc, into the designated fields on the digital certificate. Print each certificate.

For printing, I recommend using a color printer. You may use card stock or printer paper. Make sure the scale is 100% or "actual size" under paper size and handling.

3) To further personalize each certificate, consider writing a short message on the back.

4) Print a copy of the award descriptions. Consider making enough copies for each student to keep. This allows students to understand the significance of each award, enhancing the appreciation and meaning behind them.

5) Present each award with a brief explanation of why the student has been chosen for that specific recognition.

Have fun! Thank you!
