## One Pager Project

A one-pager is a collage of illustrations and written analyses on a single page that together create an aesthetically pleasing and detailed interpretation of a subject or piece of literature.

### Directions:

Share your unique understanding of the text on one page by imaginatively blending your written ideas with colorful images related to the story. You should spend at least 30 minutes reading and/or brainstorming ideas before you begin decorating your page. It's recommended you begin with pencil first for your design so it's easy to make changes before finalizing your work in ink or color. Use a standard-size piece of blank paper (8.5 x 11) or a template may be provided for you. Your page can be horizontal or vertical.

Below is a list of what should be included on your page:

- State the title of the novel and the author's name
- Analyze one theme or message from the novel
- Explain one conflict (internal or external) in the story in 1-2 sentences
- Write a personal reflection (say if you liked the novel and why), **OR** describe your favorite scene and explain why you chose it
- Choose **four** or more of the following literary elements to incorporate as they apply to the novel specifically: *symbolism, characterization, genre, point of view, climax, resolution, setting, foreshadowing, motif, mood, tone, imagery, or any example of figurative language*
- Draw a minimum of **four** illustrations that are directly related to the novel in some way
- You must fill your entire page
- Your page must be colored

# THE WILD ROBOT

A major theme is adaptation and resilience. Roz learns to survive. She learns through observation and gains skills such as climbing and camouflage for survival.

Roz is a symbol of technology and artificial life. She's displaced into nature and proves that anything can become part of the natural order with determination.

I loved this book because it showed how important compassion is to meaningful relationships. It was a fun and heartwarming story. It was nice to see an example of technology helping society, not hurting it.

The POV is third person limited. This helps readers witness events from a wider perspective as opposed to first person.

The fish, Rockmouth, blocks the river, upsetting other animals. Roz restores balance by helping Rockmouth and relocating him. The other animals want Rockmouth dead, but Roz refuses to give him to the vultures. She solves the conflict.

Author: Peter Brown

A motif in the story is community. Everyone's lives are interconnected which gives the animals appreciation for one another.

A goose named Loudwing advises Roz on how to care for Brightbill. Loudwing sets the plot in motion by helping Roz.
