

Valentine's Day Digital Escape Room

Teacher Instructions

Thank you for your purchase! Your students are going to love solving puzzles in this 360° digital escape room. This activity is designed to work for a laptop, tablet, or smart phone. Students will solve a series of clues based on Valentine's Day. Please do not share this link with other educators as it is my copyrighted work and against my terms of licensing. You can purchase additional licenses in my [TpT store](#).

Have your students work independently or in teams; it's up to you! Included in this zip folder are teacher instructions, student instructions, the master lock graphic organizer, answer keys, printable copies of Clues 1-5 (in case you'd like to print these as paper clues for students), and a reflection sheet. While using this resource, you must have a wi-fi connection and the ability to access the following sites: kuula.co and Google Forms (your students do not need a Google account).

The room is a 360 degree panoramic photo, so the clues are all around the digital room. You must click your mouse and hold down the cursor to scan the entire room. Drag the arrow in whichever way you'd like to go. If you are using a smart phone, simply swipe your finger.

No password is required to gain access to the room. If this happens to you, it means your district's firewall is blocking the program and you should contact your IT department.

Valentine's Day Escape Room

Teacher Instructions:

1. Share the directions with your students digitally (includes the student link to the escape room) and verbally review the rules with your students.
2. Set a timer for 45 minutes using a classroom timer or a free online timer. Make sure students are aware that they are being timed. Timing students is optional, and you can adjust the time as you please.
3. Upon entering the room, have your students start by clicking the START HERE button (shown below). This will give students some insight as to why they need to "escape."
4. The 6 clues are labeled by numbers. For every clue students figure out, they must record their answers on their Master Lock graphic organizer (on paper). The master lock (a google form) requires 6 correct answers from all 6 clues and is mandatory for students to "escape." They can find the link to the Master Lock located on the door when they are ready to escape.
5. Once time is up, direct students to fill out a reflection sheet to get their feedback (optional).

Clue #6 Google Form Questions

Students will answer the following multiple choice questions based off Valentine's Day trivia from Clue 1. Students should then take their answers (letters only—no spaces) in numerical order and use that as the answer for Clue #6 in the Master Lock.

1) What does Cupid use to pierce people's hearts and make them fall in love?

[Redacted answer box]

2) What do pink roses symbolize?

[Redacted answer box]

3) Which three colors best represent Valentine's Day?

[Redacted answer box]

4) What is the name of the priest that was secretly marrying couples in Ancient Rome and whom this holiday is named for?

[Redacted answer box]

The final answer will be as follows:

[Redacted final answer box]

Master Lock

On the door in the room, is a picture of a lock. This is the link to the Master Lock. This is where students will find the google form to escape. They will type in all their answers from clues 1-6. If they are correct, they will get the screen that says "Congratulations!" (shown below).

Valentine's Day Master Lock

Congratulations! You did it! Happy Valentine's Day!
