Collaborative Biography Project

Objective: Research a specific person in order to learn about his/her career, life, and notable achievements. Create an attractive poster that includes a colored illustration of the individual and presents the most crucial information from your research.

1. The poster is comprised of 6 separate pieces of paper. Evenly distribute the pieces of the poster amongst the members in your group.
2. Look for reputable sources of information and websites from credible organizations. Research the person, specifically using the categories you are assigned. Take notes on your findings, but don't write directly on your poster just yet. Write down your notes on the brainstorming worksheet.
3. Examine and analyze the information you've gathered. Compare notes with your group members and remove any repeated or redundant information. Choose essential information that you will use to fill in the appropriate boxes on your pieces of paper. Proofread, revise, and edit the information you've found. Make sure the information you gathered is written in your own words.
4. Neatly copy your final drafts of information onto your poster. Use dark pen or marker. (You can use pencil to begin with and then trace over the pencil with a darker pen).
5. Collaborate with your group to choose a color scheme for your poster. Each group member should color an equal number of pages. You can use crayons, colored pencils, markers, glitter, and other crafting materials. The poster must be entirely colored.
6. Complete the project! Carefully cut along the dotted lines to retrieve the final 6 pieces of poster paper. Tape the 6 pieces of paper in their proper places, so that the illustration lines up correctly.
